HIGHLIGHTS

Motivated Cybersecurity undergraduate with hands-on experience in ethical hacking tools, web development, and system environments. Founder of BerryGum Studio, delivering real-world website and application solutions. Skilled in network analysis, vulnerability assessment, and building responsive web applications. Strong problem-solving mindset with practical experience in tools such as Nmap, Wireshark, and Kali Linux.

PROFESSIONAL INTERESTS

- Cybersecurity, ethical hacking, and penetration testing
- Continuous learning of new technologies and security tools
- Building practical, real-world technical projects

PROFESSIONAL EXPERIENCE

BerryGum Studio (Jan 2026-Present)
Founder & Web/Application Developer

- Founded and manage a software development venture specializing in website and web application solutions
- Designed and developed modern, responsive websites tailored to client needs
- Collaborated with clients to gather requirements and deliver functional, user-focused digital products

Egygamer (March 2025 - Sep 2025)
Website Developer

- Developed and maintained a gaming-focused website, ensuring smooth performance and responsive design
- Designed user-friendly interfaces to improve user experience and engagement
- Implemented website features and updates based on user needs and feedback

Pharmaprix (Nov 2023 - May 2024)
Data Entry Specialist

- Entered and maintained accurate medication data within the pharmacy system
- Verified drug information, pricing, and inventory records
- Ensured data accuracy and consistency to support pharmacy operations

EDUCATION

Bachelor of Computer Science

Concordia University
(2023-2024, transferred)

Bachelor of Computer Science

German International University
(2024-2026, tranferred)

Bachelor of Cybersecurity

Coventry University
(2026-Present)

CERTIFICATES

Foundations of Cybersecurity:
<https://coursera.org/verify/PO4A770BWENO>

Connect and Protect: Networks and Network Security:
<https://coursera.org/verify/JCLC0ZSMR6JF>

Play It Safe: Manage Security Risks:
<https://coursera.org/verify/PLXSGZ77IDAQ>

Tools of the Trade: Linux and SQL:
<https://coursera.org/verify/5QD3310Z8S35>

COMPUTER TRAINING AND SKILLS

Programming Languages:
Java, Python, C++, Assembly Language

Web Development:
HTML, CSS, JavaScript, React

Cybersecurity Tools:
Nmap, Nessus, John the Ripper, Wireshark

Operating Systems:
Windows, macOS, Kali Linux, Ubuntu Linux

Databases:
Microsoft SQL Server

Tools & Technologies:
Git, VMware
